3. *End Users*
4. *Tools and Technologies*
5. *Portfolio design and Layout*
6. *Features and Functionality*
7. *Results and Screenshots*
8. *Conclusion*
9. *Github Link*

PROBLEM STATEMENT

In today's competitive digital world, students and professionals need a personalized platform to showcase their skills, projects, and achievements. Traditional resumes cannot effectively display interactive content or web development skills.

Solution: Build a personal portfolio website that acts as a digital resume and professional identity.

PROJECT OVERVIEW

This project is a personal portfolio website created using modern web technologies. Provides details about the developer (R Pavithra). Highlights skills, interests, and career goals. Allows potential employers, mentors, or collaborators to know more. Hosted on GitHub Pages for easy online access.

WHO ARE THE END USERS?

Students & Recruiters To evaluate skills and profile.

Employers/HR Managers Quick overview of technical abilities.

Peers & Mentors → To understand strengths and career interests.

Self-use As a dynamic online resume and identity.

TOOLS AND TECHNIQUES

Frontend: HTML5, CSS3, JavaScript

Design: Simple responsive layout, UI/UX principles

Hosting: GitHub Pages

Version Control: Git & GitHub

POTFOLIO DESIGN AND LAYOUT

Home Page: Introduction with name and image.

About Section: Career interests, technical background, and strengths.

Contact Section: Email, phone, and location details.

Navigation Bar: Easy access to different sections.

FEATURES AND FUNCTIONALITY

Responsive design (works on desktop & mobile).

Professional introduction with bio and skills.

Contact options for direct communication.

Organized layout for better readability.

Simple, lightweight, and fast-loading site.

RESULTS AND SCREENSHOTS

About

I am a dedicated and motivated developer with a strong interest in technology and software development. I enjoy exploring new tools, solving problems, and building creative solutions that make a difference.

UI/UX Designer & Web Developer

I am a passionate and detail-oriented developer with a strong foundation in programming, problem-solving, and software development. I enjoy building efficient, user-friendly applications and continuously learning new technologies to stay updated with industry trends. My focus is on writing clean, maintainable code and delivering solutions that create real impact.

CONCLUSION

*The portfolio website serves as a digital identity.
Demonstrates web development knowledge and
creativity. Can be extended with new sections
(projects, blogs, achievements).
Acts as a stepping stone for internships, jobs, or
academic opportunities.*
